Sir,

With reference to your Official Memorandum No R 8997/M1 23-20-17 dated the 14th February 1921 calling for a report with my opinion in the matter of conversion of the minor municipality of Anekal into a Town Municipality I have the honor to state that it is one of the best administered Municipalities in this District deserving larger representation in the council as also the exercise of enhanced powers which are denied to the minor municipalities on account of excepting from operation certain sections of the Municipal Regulation, which came in the way of showing better progress where the councillors are really zealous in the administration of their municipal affairs In these circumstances I am of opinion that it may be converted into a Town Municipality with advantage It is enough if the number of councillors is raised to 16 for the present

Sir,

I have the honor to state that the President of the Anekal Municipal Council reports that the number of Municipal Councillors may be raised from 12 to 16 to enlist better sympathy and cooperation on the part of all the leading men of the Town He further reports that while this was a regulation municipality, the number of Councillors was 15 and this was reduced to 12 by Government in their order No 3367/M1 3-17-19 dated 21st December 1917 and that places with a population less than that of Anekal town have been given 15 or 16 councillors while Anekal town has only 12 This small number has also shut out some of the respectable leaders of the people who are desirous of serving as councillors in the interest of the Municipality Under these circumstances, I recommend that the request of the President may be sanctioned and the number of councillors raised

The file of correspondence ending with the President's No 118 dated 21st February 1921 in the matter is forwarded herewith for reference and

Sir.

I beg to report that I have heretofore submitted for orders a note embodying the results of municipal election held at Anekal on 4-1-1921 and also my recommendation regarding the nomination of 4 municipal members for the municipality.

In this connection I beg to bring the following facts for your kind Consideration and favour of orders

The total strength of the Anekal Municipal Council was reduced from 15 to 12 in Government order No 3367 - Mu 3 17-19 dated 21-12-17 The reasons for this reduction are not apparent from the Government order It appears that the Anekal municipality was a Regulation Municipality.

Consisting of 15 Municipal members including Ex-officio official and non-official members Elected and nominated. The Consequence of this reduction is, so far as I observe, that some respectable leaders of the people here have no chance to come in the Municipal Council and to give their advice and help in regard to the interests of their respective classes and above all, they do not care to come forward to help the Government in Public movements To remedy this defect in the Constitution of the Municipality and to enlist better sympathy and Cooperation on the part of all leading men of the town it is but necessary and expedient to enlarge the Council so as to let in more flow of leaders of people into the Council

In View to further the above object, I beg to submit that the Strength of the Elected Municipal Council may be raised from the present no of 12 to 15 at least The increase recommended is also just based on the Strength of the Population of Amedal which is about now within this

number of Councillors that has been sanctioned to other municipalities of similar or less population as noted below -

	No of Councillors	Population
Chamarajanagar	15	4893
Gubbi	15	3464
Malavalli	15	5716
Kunigal	15	1405
Madduguri	15	4525

In view of the above facts, I beg to recommend that the strength of the Council may be raised for 12 to 15 at least. If this is sanctioned by Government, I shall submit proposals for elections and nomination to fill up the remaining three vacancies newly sanctioned. It may also be noted that the enlargement proposed does not entail any additional cost to municipality.

I beg to remain
